

College/University Emergency Practitioners Symposium

A two day symposium to bring higher education emergency management practitioners together to share best practices and lessons learned, participate in problem solving sessions, network with colleagues and get the latest information on Federal programs targeting colleges and universities.

Day 1 Topics (Saturday 10/30 8AM-5PM):

Use of Incident Command in Higher Education

CEM Certification Program

National Preparedness Month Exercises and Programming Activities

Interrelations between Continuity Planning, Emergency Planning and Risk Management

Storm Ready / Tornado Ready / Tsunami Ready designations

Higher Education and the Federal Disaster Declaration Process

VIP and Event Planning for Higher Education Institutions

Internship Opportunities and Mentoring Students

Day 2 Topics (Sunday 10/31 8AM-NOON):

Functional exercise for all participants
