**"Neighbors  
United"**

**IAEM-1/MAEMP  
New England  
Emergency Managers Conference  
April 23, 2010  
Sturbridge, MA**

**Sponsored by  
International Association of Emergency Managers Region 1 (New England)  
And  
Massachusetts Association of Emergency Management Professionals**

**With additional support from  
Tri-EPIC Regional Emergency Planning Committee  
And  
Anna Maria College Emergency Management Graduate Program**

## Welcome Conference Attendees

The International Association of Emergency Managers - Region 1, and the Massachusetts Association of Emergency Management Professionals are pleased to co-sponsor this year's New England Emergency Manager's conference -- "Neighbor's United". We believe that our collaboration is reflective of this year's theme. The committee has worked very hard to provide a full day of professional programs at no cost, that we hope will be of value to all attendees.

We recognize that Emergency Management has grown beyond the traditional to include, private sector, healthcare, college and universities, as well as our future (students), and the conference committee has worked hard to rise to the challenge.

*Bruce Lockwood, President, IAEM Region 1  
Ron Reents, President, MAEMP*

## Purpose & objectives of the conference

This conference has been developed to provide a forum for discussion of current trends and hot topics, as well as provide information about tools and technologies being used in emergency management and disaster response. Professionals from all areas of Emergency Management will find something of value from the speakers, vendors and interaction with colleagues from across federal, state, regional, local agencies, hospitals and healthcare, academia, and companies.
