

OBJECTIVES/PHILOSOPHY

The Certified Emergency Manager® (CEM®) program was created to raise and maintain professional standards; it is a program to certify achievements within the profession. Any emergency management professional who meets requirements is welcome to participate.

CERTIFICATION COMMISSION STRUCTURE

The program is served by a Certification Commission made up of emergency management professionals, including representatives from allied fields, educators, military, and private industry emergency personnel.

Development of the program has been supported by the Federal Emergency Management

Agency (FEMA), the National Emergency Management Association (NEMA), and a host of allied organizations.

Certification is a peer review process administered through the International Association of Emergency Managers. You need not be a member of IAEM to be certified.

CERTIFICATION IS MAINTAINED IN 5-YEAR CYCLES:

CEM's maintain certification documenting 100 hours continuing education/training and six professional contributions every five years.

PROGRAM PROCESS

To register for certification consideration, candidates must complete an enrollment process -

simply complete the attached coupon and mail to IAEM with the fee.

Upon enrollment, candidates will receive an application booklet which includes detailed instructions, all necessary forms and other helpful information to aid in successful certification completion.

Completed Application Packages will be accepted at any time. Once credentials are approved by the Commission, the examination must be passed.

CERTIFICATION FEES

Fees are based on costs to process candidate materials.

COMPLETE PROGRAM REQUIREMENTS

Emergency Management Experience*

Three years by date of application. *Comprehensive* experience must include participation in a full-scale exercise or actual disaster.

Three References

Including current supervisor.

Education

Any 4-year baccalaureate degree; or additional experience may be substituted to satisfy this requirement, 2 years per 30 college credits up to the 120 credits comprising most baccalaureates.

Professionals interested in recognition without the educa-

tion requirement should inquire about the Associate Emergency Manager (AEM) Credential.

Training*

100 contact hours in emergency management AND 100 contact hours in general management. (Note: No more than 25% of hours can be in any one topic.)

Contributions to the Profession

Six separate contributions in areas such as professional membership, speaking, publishing articles, serving on volunteer boards or committees and other areas beyond the

scope of the Emergency Management job requirements.

Management Essay

Real-life scenarios are provided and response must demonstrate knowledges, skills and abilities as listed in the essay instructions.

Multiple-choice Examination

Candidates sit for the 100-question exam after their initial application and the other requirements are satisfied. A pamphlet is available further describing format and sources.

**Note: A baccalaureate in emergency management eliminates the experience requirement for the AEM and waives EM Training if it is earned recently.*

ENROLLMENT

Candidates enroll to receive the complete forms / instructions booklet.

IAEM members\$75
non-members\$150

APPLICATION

Submission processing, maintenance & exam fee

IAEM members\$250
non-members\$300

MAINTENANCE

Re-certification application fees.

IAEM members/non-members\$200
