## Homeland Security Grant Program Overview

One of the core missions of the Department of Homeland Security (DHS) is to enhance the ability of state, territory, local, and tribal governments to prevent, protect against, respond to and recover from terrorist attacks and other disasters. FEMA's comprehensive suite of grant programs is an important part of the Administration's larger, coordinated effort to strengthen homeland security preparedness. These programs implement objectives addressed in a series of post-9/11 laws, strategy documents, plans and Homeland Security Presidential Directives (HSPDs).

The Homeland Security Grant Program (HSGP) is comprised of four interconnected grant programs:

- State Homeland Security Program (SHSP)
- Urban Areas Security Initiative (UASI)
- Metropolitan Medical Response System (MMRS)
- Citizen Corps Program (CCP)

The HSGP is one tool among a comprehensive set of measures authorized by Congress and implemented by the Administration to help strengthen the nation against risks associated with potential terrorist attacks.

### Homeland Security Grant Program Overview Funding Distribution – FY 2008 and FY 2009

Program	FY 2008	FY 2009
State Homeland Security Program	\$861,280,000	\$861,137,000
Urban Areas Security Initiative	\$781,630,000	\$798,631,250
Metropolitan Medical Response System	\$39,831,500	\$39,831,404
Citizen Corps Program	\$14,572,500	\$14,572,500
<b>TOTAL</b>	<b>\$1,697,314,000</b>	<b>\$1,714,172,154</b>

### State Homeland Security Program (SHSP)

**Total Funding Available in FY 2009:** \$861,137,000

**Purpose:** This core assistance program provides funds to build capabilities at the state and local levels and to implement the goals and objectives included in state homeland security strategies and initiatives in the State Preparedness Report.

**Eligible Applicants:** Eligible entities for SHSP were all 50 states, the District of Columbia, Puerto Rico, American Samoa, Guam, Northern Mariana Islands and the U.S. Virgin Islands.

**Awards:** Funds were allocated based on risk analysis and the anticipated effectiveness of proposed investments by the applicants.

**Program Awards and Funding Minimum:** Each state received a minimum allocation under SHSP using the thresholds established in the *Implementing Recommendations of the 9/11 Act of 2007* (P.L. 110-053) (9/11 Act). All 50 states,

the District of Columbia, and the Commonwealth of Puerto Rico received 0.365 percent of the total funds allocated for grants under Sections 2003 and 2004 of the Homeland Security Act of 2002 (6 U.S.C. §101 *et seq.*), as amended by the 9/11 Act, for SHSP. Four territories (American Samoa, Guam, the Northern Mariana Islands, and the U.S. Virgin Islands) will receive a minimum allocation of 0.08 percent of the total funds allocated for grants under Section 2004 of the Homeland Security Act of 2002, as amended by the 9/11 Act, for SHSP.

## **Urban Areas Security Initiative (UASI) Program**

**Total Funding Available in FY 2009:** \$798,631,250

**Purpose:** The UASI program focuses on enhancing regional preparedness in major metropolitan areas. The UASI program directly supports the National Priority on expanding regional collaboration in the National Preparedness Guidelines and is intended to assist participating jurisdictions in developing integrated regional systems for prevention, protection, response and recovery.

**Eligible Applicants:** The 62 highest risk urban areas were eligible for funding under the FY 2009 UASI program.

**Program Awards:** The seven highest risk urban areas, designated Tier 1 urban areas, were allocated approximately \$439 million or 55 percent of available funds. The remaining urban areas, designated Tier 2 urban areas, were allocated approximately \$359 million or 45 percent of available funds. Funds were allocated based on risk analysis and the anticipated effectiveness of proposed investments by the applicants.

## **Metropolitan Medical Response System (MMRS) Program**

**Total Funding Available in FY 2009:** \$39,831,404

**Purpose:** The MMRS program supports the integration of emergency management, health, and medical systems into a coordinated response to mass casualty incidents caused by any hazard. Successful MMRS grantees reduce the consequences of a mass casualty incident during the initial period of a response by having augmented existing local operational response systems before the incident occurs.

**Eligible Applicants:** As with previous years, 124 cities were eligible for MMRS funding.

**Program Awards:** Each of the 124 MMRS jurisdictions received \$321,221 to establish or sustain local capabilities.

## **Citizen Corps Program (CCP)**

**Total Funding Available in FY 2009:** \$14,572,500

**Purpose:** The Citizen Corps mission is to bring community and government leaders together to coordinate community involvement in emergency preparedness, planning, mitigation, response and recovery.

**Eligible Applicants:** CCP eligibility mirrors that of SHSP: all 50 states, the District of Columbia, Puerto Rico, American Samoa, Guam, Northern Mariana Islands and the U.S. Virgin Islands.

**Program Awards and Funding Minimum:** CCP allocations were determined using the USA PATRIOT Act formula, which specifies that all 50 states, the District of Columbia, and the Commonwealth of Puerto Rico received a minimum of 0.75 percent of the total available grant funding, and that four territories (American Samoa, Guam, Northern Mariana Islands and the U.S. Virgin Islands) received a minimum of 0.25 percent of the total available grant funding. The balance of CCP funds were distributed on a population-share basis. In addition to CCP allocations, states and urban areas are encouraged to fully leverage HSGP resources to accomplish the Citizen Corps mission.

## State Homeland Security Program Tribal Overview

**Total Funding Available in FY 2009:** \$1,788,000

**Purpose:** To provide supplemental funding to directly eligible tribes to help strengthen their communities against risks associated with potential terrorist attacks. Pursuant to the 9/11 Act, “a directly eligible tribe applying for a grant under section 2004 [SHSP] shall designate an individual to serve as a tribal liaison with [DHS] and other federal, state, local, and regional government officials concerning preventing, preparing for, protecting against and responding to acts of terrorism.”

**Eligible Applicants:** Per the 9/11 Act, “a directly eligible tribe applying for a grant under section 2004 [SHSP] shall designate an individual to serve as a tribal liaison with [DHS] and other federal, state, local and regional government officials concerning preventing, preparing for, protecting against and responding to acts of terrorism.”

The term “directly eligible tribe” means –

- (A) any Indian tribe –
  - (i) that is located in the continental United States;
  - (ii) that operates a law enforcement or emergency response agency with the capacity to respond to calls for law enforcement or emergency services;
  - (iii)
    - (I) that is located on or near an international border or a coastline bordering an ocean (including the Gulf of Mexico) or international waters;
    - (II) that is located within 10 miles of a system or asset included on the prioritized critical infrastructure list established under section 210E(a)(2) [please refer to section 1001 of the 9/11 Act] or has such a system or asset within its territory;
    - (III) that is located within or contiguous to 1 of the 50 most populous metropolitan statistical areas in the United States; or

- (IV) the jurisdiction of which includes not less than 1,000 square miles of Indian country, as that term is defined in section 1151 of title 18, United States Code; and
- (iv) that certifies to the Secretary that a state has not provided funds under section 2003 [UASI] or 2004 [SHSP] to the Indian tribe or consortium of Indian tribes for the purpose for which direct funding is sought; and
- (B) a consortium of Indian tribes, if each tribe satisfies the requirements of subparagraph (A).

In summary, eligible tribes must meet the requirements set forth in (A) (i), (ii), and (iv). Tribes must also meet one of the requirements set forth in (A) (iii); either (I), (II), (III), or (IV). Finally, (B) may also be satisfied, if each tribe satisfies the requirements of subparagraph (A).

**Program Awards:** Funds were allocated competitively to eligible tribes based on risk analysis and the anticipated effectiveness of proposed investments by the applicants.

### UASI Nonprofit Security Grant Program Overview

**Total Funding Available in FY 2009:** \$15,000,000

**Purpose:** UASI NSGP provides funding support for target-hardening activities to nonprofit organizations that are at high risk of a terrorist attack and are located within one of the specific UASI-eligible urban areas.

**Eligible Applicants:** Eligible nonprofit organizations (as described under section 501(c)(3) of the Internal Revenue Code of 1986 and exempt from tax under section 501(a) of such Code) that are at high risk of a terrorist attack and are located within one of the specific UASI-eligible urban areas were able to apply for funding through their State Administrative Agency (SAA).

**Program Awards:** Funds were allocated competitively based on the completeness, adherence to programmatic guidelines, feasibility, how well the applicant's Investment Justification addressed the identified risk and how the proposed target hardening activity addressed the prevention of, protection against, and/or mitigation of the identified risk.

### Regional Catastrophic Preparedness Grant Program Overview

**Total Funding Available in FY 2009:** \$34,002,500

**Purpose:** The purpose of the FY 2009 RCPGP is to enhance catastrophic incident preparedness in pre-designated, high-risk urban areas and their surrounding regions. RCPGP is intended to support coordination of regional all-hazard planning for catastrophic events, including the development of integrated planning communities, plans, protocols, and procedures to manage a catastrophic event.

**Eligible Applicants:** Eligible applicants under FY 2009 RCPGP included pre-designated high-risk urban areas within the RCPGP sites that received funding under RCPGP in the FY 2008 grant cycle.

**Program Awards:** FY 2009 RCPGP funds were allocated non-competitively to each pre-designated high-risk urban area within the RCPGP sites, provided that the applications met the minimum standards specified in the FY 2009 RCPGP Guidance and Application Kit.
