

# ***Mass Shootings Planning and Response for Public Safety (MSPR)***

**Two 4-hour Planning & Response Courses for Law Enforcement,  
Special Response Teams, Fire, EMS, Emergency Management  
and School/College Officials**

Two sessions being offered. It appears that the “bad guys” (criminals and terrorists) are more determined, violent and heavily armed than ever before. Crisis situations such as mass shootings, terrorist threats and criminal attacks are occurring with alarming frequency. These events can occur on college/university campuses, school grounds, the workplace or other public locations.

Public safety agencies must adapt to the changes in society so that appropriate delivery of emergency services is ensured in a crisis. **Responder’s safety is paramount during these types of events!** Course will cover the following topics:

- Threat Assessments/Threat Groups Overview
- Pre-Incident Planning
- Multi-Agency Response
- Command Considerations
- Scene Safety
- “Lessons Learned”
- Resources for Planning & Training
