Welcome School Response Conference in Dulles, Virginia April 5-6

Get ready for an educational & high-voltage experience! Along with being inspired by an impressive array of speakers representing the latest initiatives of school safety taking place in our school communities nationwide, you will have ample time to network, share information, and enjoy the company of one another throughout the conference program.

The School Response Conference in Virginia will highlight the real-time test on local schools, school safety security issues, and domestic preparedness in the aspect of prevention, protection, response and recovery. Our school's resiliency plan on major issues happening inside the "School Community such as School Safety & Security & Emergency Planning is the focus of the SRC2012

Stamp out school disasters in all its forms, whether man-made or natural. Attend this conference and learn the critical elements for building effective protection, prevention and response school safety and students security programs. Secure your slot and join the institutions like yours to respond to these threats on human, physical, and cyber assets for emergencies that range from natural disasters to acts of violence.

School Response Conference 2012

Expecting hundreds of early childhood care providers, elementary, k-12 schools, high school and colleges & university administrators, professors, campus police chiefs, first responders, safety professionals, and community leaders will convene at the School Response Conference 2012, which will be held on April 2012

This conference will address topics of high concern as wide as ranging school violence-school shootings, transportation, bullying, dating violence, gang activity, alcohol & drugs, bomb threats, child abuse, vandalism, school massacres, catastrophic events such as pandemic outbreaks, tornadoes, terrorists attacks, and technological intrusions. Associations, academic institutions, EMS providers & law

Enforcers will showcase the country's state-wide initiatives on school defense and security for the development of the best practices for the school community.

The conference is organized around 4 Themes: Prepare, Response, Protect & Recover

SRC2012 mission is to update & support the urgent endeavors of whole education sectors & academe on developing effective plans that are unique to their own communities and engage the widest range of local stakeholders to make our high schools and college campuses safe, secure & to contribute to the advancement of the local community thru the aspect of Prevention, Protection, Response and Recover.

Real-world simulations of community response to school shootings, related tragedies and global outbreaks will also be featured in this conference. The tabletop exercises will encourage audience participation & explore effective methods of partnerships, coordination & collaboration at local level and relate them to national context.

These addresses will be followed by presentations of experts on school violence covering key community perspectives, students, teachers, parents, local business, faith-based groups, media, and other community resources & stakeholders

Conference Highlights

Register Now to attend this School Resiliency Plan Conference and You Will:

Join hundreds of your colleagues and friends in bringing the School Resiliency Plan against School Violence, the core of emergency response in the school setting.

Describe new techniques and methods to address challenges in responding to school health emergencies

Honor the notable contributions of the county and local government leaders plus the Volunteers

Get practical program ideas of the Best Practices from the 2010-2011 Experience

Be updated to the US Law on Campus Security and Other Initiatives relating to School Safety & Responding during Crisis Management

What You'll Learn

Identify campus security and youth violence trends and issues

Identify contributors to school and youth violence in the community

Identify early warning signs and opportunities for improvement of campus safety and security

Identify effective best practices from other campuses-colleges and universities

Distinguish roles and responsibilities necessary for an effective campus safety and security program

Assessing each campus security needs thru evaluation and collection of data

Recognize key success factors for a campus safety and security program

Bringing local perspectives into a national context on campuses.

All Sessions will be recorded and made available to you online after the Summit!

A website with Session audio and PowerPoint slides from all presenters and guests who approved the sharing of their materials, as well as final exhibitor information, will be created after the Summit. Take advantage of the invaluable learning opportunities presented at the Summit long after its conclusion! Website information will be emailed to all summit participants when it is available.
