

Title **Transportation Disaster Response – A Course For Emergency Responders**

Description Designed specifically for emergency responders and planners, this course provides participants with the tools to most effectively manage a major transportation disaster. Audio/video materials, case studies, recent examples and panel discussions are employed to illustrate key principles of the unique aspects of responding to major transportation disasters.

ID Code TDA402

Dates and **November 17-19, 2009**

Tuition \$715 for all applications with payment received no later than October 17, 2009
 \$797 for all applications with payment received October 18 - November 11, 2009
 \$847 for all applications submitted between November 12 and 12:00 pm (noon) ET on November 16, 2009
\$50 processing fee will be added to tuitions for all offline applications (starting October 1, 2008)

Times 9:00 am - 5:00 pm

Location NTSB Training Center • 45065 Riverside Parkway • Ashburn, Virginia 20147

Status OPEN. Applications are now being accepted.

Apply to Attend **November 17-19, 2009**

CEUs 2.0

- Overview**
- Integrating ICS and investigative processes during a transportation disaster
 - Responding to transportation events involving terrorism and/or hazardous materials
 - Maximizing resources in site security and support staffing
 - Responding to media inquiries and managing press at the scene
 - Communicating with the local community and families of the victims
 - Providing assistance to family members
 - Forensic aspects of recovery and identification
 - Long-term issues facing the affected community following a major disaster

Performance Results Upon completion of this course the participant will be able to:

- Improve their organization's on-scene coordination and communication
- Manage limited resources more effectively
- More effectively manage the operational challenges during a major accident
- Address the issues that a major disaster can have on an organization's staff and local community
- Interact more knowledgeably with federal officials at the accident site
- Avoid pitfalls and mistakes unique to major transportation accidents

Comments from course participants

Who May Attend This course is designed for local, county, state and federal emergency responders:

- Municipal, county, state and federal law enforcement agencies
- Fire departments
- Local and state transportation departments
- Local, county, state and federal emergency planners
- Public safety agencies
- Members of the transportation community with accident response roles
- Other organizations and agencies that have immediate or long-term post disaster responsibilities
- Members of the academic community attending for research purposes (on a space-available basis)

Transportation Disaster Response – A Course for Emergency Responders (TDA402)

COMMENTS FROM PREVIOUS PARTICIPANTS

When asked if the course was informative and applicable to their work...

- "We believed we were somewhat prepared to respond. This course revealed several areas where we require modifications or in some cases, the creation of some new procedures or policies."
- "Will be extremely helpful in the completion of our response plan."
- "Wish I'd had this before 9/11."
- "Highly recommend to upper management of police departments and fire/rescue personnel."
- "Best class I have been to in years."
- "I learned about issues related to work responsibilities, unexpected problems, and stress that I had not thought about before."
- "I wish I had received this class early in my law enforcement career."
- "Very well-spent money, excellent bang for my training dollar."
- "My first NTSB training. It was great. I am taking a lot of new info back."
- "The course was well organized and very interesting."

When asked about the quality of the instructors...

- "Without a doubt the best cadre of instructors I have ever dealt with."
- "Instructors did an extremely good job of presenting their material, well spoken and clear."
- "Very thorough, well-prepared and presented, very interesting and informative, never boring."
- "Each instructor's credibility was enhanced by their obvious experience, all did an excellent job."
- "The instructors were extremely well prepared."
- "All were well informed of their subjects."
- "I am impressed by the experience and credentials of the course instructors and presenters."
- "All instructors were knowledgeable and presented the information in a clear manner and were extremely willing to answer any questions."

When asked if they enjoyed the course and would recommend it to others...

- "Definitely – this is an area that I am unfamiliar with, it clearly raised the need for disaster planning and preparation."
- "This course is being recommended to all upper management and scene commanders."
- "More front-line supervisors and administrators should attend the class."
- "Every officer involved in Emergency Management should attend this course."
- "I will be recommending this program to our local PD."
- "All police supervisors, fire/rescue supervisors and other emergency service agencies should attend this course."
- "Excellent training – I now know contacts for information on policy, disasters, clean up, etc."
- "All of the NTSB staff were very helpful and provided me with tools and motivation to re-examine our disaster plan."
- "The course was great and brought up several challenges to consider when confronted with a

major accident."

Additional comments...

- "Very effective in the utilization of both written and audio-visual media."
- "Excellent material as well as Power-Point presentation."
- "The AV and reference notebook was very well organized and will be useful in the future."
- "A great networking opportunity."
